

Employee Profile

(Employee's Name) Megan Handl

(Working Title) Auditor II

(Division) Director's Office

(Bureau) Audit

(Section) Internal Audit

Background (a little about yourself, i.e.: interests, education, affiliations, birth place): I was born and raised in Helena. I went to college in Bozeman and played volleyball for the Cats. I have always enjoyed being active, all sorts of crafts, and scrapbooking, but my new hobby has become building my dream house with my husband.

Time at MDT: 1 year

Why (do you work at) MDT...MDT provided a great job opportunity for me coming out of college without a lot of auditing experience. They provide a great atmosphere for learning and developing my skills with the opportunity for me to advance as I gain more knowledge.

Job duties ...be able to perform a variety of different audit types while conforming to audit standards.

A typical day...includes working on any phase of an audit, whether it is the planning, fieldwork, or report phase. I could be interviewing, compiling background information, tying out and analyzing documents, compiling spreadsheets, or writing reports.

Qualities needed for the job ...attention to detail, ability to meet deadlines, multi-task, analyzing documents and situations, and problem solving

Favorite thing(s) about working at MDT...I enjoy the work that I do and the people that I get to work with. The auditors within our unit

are great and made me feel like a part of the team ever since I came on board. I knew I could go to any one of them with a question and they would help me out. Being in audit also provides the opportunity to travel across the state and meet and work with a lot of people.
